

Access procedure to Spectrum Networks equipment

This document provides details for remote access to the Spectrum Networks equipment.

Landing Pad - Authentication login

Navigate to the following URL using any browser to access the lab:

<https://cloud.spectrumme.com>

Note: Use the latest browser with HTML5 support.

Login credentials:

Username: **cstlab**

Password: **cst@123**

Once login is successful, to access the assigned kit click **MX(Y)** button.

Note: **Y** is the number of kit.

Double-click the script from Desktop to access the device jump server

Select **Option 1** to access the device through management IP.

In the menu select the appropriate option as per the assigned devices.

Options	Device Name
1	MX-A1
2	MX-A2
3	MX-B1
4	MX-B2
5	MX-C1
6	MX-C2
7	MX-D1
8	MX-D2

Authentication will prompt for the Device:

Username is **lab** and password is **lab123**
